

26th Annual Governor's Volunteer Awards 2009

There is no question that contributions from volunteers greatly enhance our cities, our towns, our schools, and our state. The most recent "Volunteering in America" study shows that volunteers in Iowa collectively contribute 89.3 million hours of service and have an estimated economic impact of \$1.7 billion annually. The entire report can be viewed at www.volunteeringinamerica.gov.

Each year, regional Governor's Volunteer Award presentation ceremonies are held across Iowa to recognize and thank hundreds of volunteers for the commitment, service, and time they donate to benefit others. Only people or groups who volunteer their time with a state or city government agency or an Iowa nonprofit organization are eligible to receive a Governor's Volunteer Award. They may be selected for an award in one of three categories: Individual; Group; or Length of Service. And, for 2009, a special category was added to recognize disaster assistance and recovery volunteers. Award recipient criteria include an individual or group who has:

- demonstrated exceptional commitment to volunteerism by helping with a special project or ongoing activities
- demonstrated exemplary leadership, creativity, cooperation and hard work in their service to others
- made an outstanding contribution to state or community through volunteer service

*Individual Award recipients are listed first -- in alphabetical order by last name.
Names of Group Award recipients follow -- beginning on page 19.*

Award Recipient	Ceremony Assignment	Nominating Organization
